- B. Allow a planned and coordinated mix of land uses which are compatible and are harmonious, but previously discouraged by conventional zoning procedures.
- C. Encourage more creative, higher quality and more ecologically sensitive urban design with special consideration given to projects which incorporate desirable design features, including but not limited to underground parking, orientation or design to take advantage of solar energy, environmental preservation, historic preservation, handicapped accessible structures, unique use of open spaces or other desirable design features.
- D. Improve communication and cooperation among the City of Dell Rapids, land developers, and interested residents in the urbanization of new lands and the renewal of existing deteriorated areas.

After the planned development request has been reviewed, the planning commission shall make a recommendation to the City Council on the requested rezoning. The City Council shall then act to approve or deny said request.

This request for rezoning is subject to the requirements for amendment of the zoning regulations specified in Chapter 20. No building permit shall be issued within the development until the final development plan is approved and the plat is filed.

The final development plan may be submitted in conjunction with the initial development plan for concurrent approval on any subareas the developer is ready to commit to a final plan. All the information required for both an initial and final development plan must be shown for the area submitted for concurrent approval, except that the developer may reference the requirements of one of the traditional zoning districts as the development standard for a particular subarea.

- A. To hear and decide appeals where it is alleged there is error in any requirement or determination made by the Authorized Official of the City of Dell Rapids in the enforcement of this ordinance.
- B. To hear and decide upon petitions for variances to vary the strict application of the height, area, setback, yard, parking or density requirements as will not be contrary to the public interest. A variance shall not be allowed to vary the use regulations.

19.03 Appeal Procedure

- A. Any person or persons, jointly or severally, aggrieved by any decision of the Authorized Official, may present to that Official, a notice of appeal, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. The notice of appeal shall be filed with the Authorized Official of the City of Dell Rapids, who shall transmit to the Board of Adjustment all information and records concerning the appeal. Such notice of appeal shall be presented to the Authorized Official within thirty (30) days after the filing of the decision in the office of the Authorized Official.

At all times, the burden shall be on the applicant to prove the need for a variance. The following issues are to be considered, each and all of them, as determining factors in whether or not the issuance of a variance is justified:
1. An unnecessary hardship must be established by the applicant who applies for the variance. For purposes of this Chapter, an unnecessary hardship is a situation where, in the absence of a variance, an owner can make no feasible or reasonable use of the property. Convenience, loss of profit, financial limitations, or self-imposed hardship shall not be considered as grounds for approving a variance by the Board of Adjustment.
 2. Literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Ordinance.
 3. The variance requested is the minimum variance that will alleviate the hardship.
 4. Granting of the variance will comply with the general purpose and intent of this Ordinance, and will not be offensive to adjacent areas or to the public welfare.
 5. No nonconforming use or structure in the same district and no permitted or nonconforming use or structure in other districts shall be considered the sole grounds for the issuance of a variance.
 6. Exceptional and extraordinary circumstances apply to the property that do not apply to other properties in the same zone or vicinity and that result from lot size or shape, topography or other circumstances which are not of the applicant's making.
- B. In order to preserve the intent of these Zoning Regulations and to protect the public interest, the Board of Adjustment may attach conditions to a Variance. A Variance shall remain valid only as long as the property owner complies with any terms and conditions of the Variance, as attached by the Board of Adjustment.

- C. An Application for a Variance, available from the Authorized Official of the City of Dell Rapids, shall be completed by the landowner requesting the Variance. Completed applications shall be returned to the Authorized Official for review. To be considered completed, the application shall contain the following information:
1. Legal description of the land on which such variance is requested, together with local street address;
 2. Name and address of each owner of the property;
 3. Signature of at least one of the owners of the property;
 4. Name, address, phone number and signature of the applicant;
 5. Zoning district classification under which the property is regulated at the time of such application;
 6. Description of the variance sought from the Zoning Regulations; and
 7. Be accompanied with a site plan, unless waived by the Authorized Official.
- D. The Authorized Official shall review the application, and shall make a recommendation to the Board of Adjustment to either approve or not approve said application. The Authorized Official's recommendation shall include a summary of the application, and the reasons and justification for either approval or disapproval of the application.
- E. The Authorized Official shall set the date, time and place for a public hearing to be held by the Board of Adjustment. The Authorized Official shall notify the landowner by mail, and shall post notices of the public hearing at the City Office and on the property affected by the proposed Variance no less than ten days prior to the scheduled public hearing. No less than ten days before the public hearing, the Authorized Official shall publish notice of the public hearing in a legal newspaper of the city.
- F. The public hearing shall be held. The applicant may appear in person, or by agent or attorney. If no one is present who can answer questions from the Board of Adjustment, the decision can be tabled to a later time or date until questions can be answered. Minutes of the public hearing shall be recorded and kept in the records of the Board of Adjustment. Written findings certifying compliance with the specific rules governing the action considered at the public hearing shall be completed by the Board. The concurring vote of two-thirds of the members of the Board of Adjustment shall be necessary to approve any variance or arrive at any determination.

19.05 Court Review

Any person or persons, jointly or severally, aggrieved by any decision of the Board of Adjustment, or any taxpayer, or any officer, department, board, or bureau of the municipality, may present to a court of record a petition duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within thirty days after the filing of the Board's decision as provided in SDCL 11-4-25.

- F. The City Council shall either approve or not approve the ordinance describing the proposed amendment or change of zone to these Zoning Regulations, in accordance

with standard procedures for reading, approval, publication and effective date.

- G. When a proposed amendment or change of zoning district classification is approved by the City Council, the amendment or change of zoning district classification shall take effect twenty days after publication, unless the referendum shall have been invoked, or unless a written protest is filed with the Finance Officer, signed by at least forty percent of the owners of equity in the lots included in any proposed district and the lands within two hundred fifty feet from any part of the proposed district. A corporation is construed to be a sole owner, and if parcels of land are in the name of more than one person, ownership representation is in proportion to the number of signers who join in the petition in relation to the number of owners. If a protest is filed, the ordinance does not become effective unless the ordinance is approved by two-thirds of the City Council at its next regularly scheduled meeting.
